PRESS RELEASE

Today, in Commissioners' Court, authorization was given for the County Judge to sign the Sub-grant Award for the Public Assistance grant from FEMA to replace the crossing on Beaver Brook Road. The sub-grant amount is \$1,718,682.00 Federal cost share with a Local cost share of \$171,868.20. After implementing SB7 which was passed last year, the Local cost share will be approximately \$43,000.00. The County has been awaiting this funding since Hurricane Harvey to replace the bridge, while doing emergency repairs and patching on the antiquated structure. The next step is to have the engineer conduct a hydrology study for culvert sizing and execute temporary easements to begin development of the temporary road. We are pleased to finally be able to start this project and hopefully this announcement gives the residents of Crestwood Subdivision some peace of mind.

Sincerely,

A handwritten signature in blue ink that reads "Amanda Young, CFM". The signature is written in a cursive style.
