### INSTRUCTION TO BIDDERS FOR CONSTRUCTION

#### 1. Use of Separate Bid Forms

These contract documents include a complete set of bid and contract forms which are for the convenience of the bidders and are not to be detached from the contract document, completed or executed. Separate bid forms are provided for your use.

#### 2. <u>Interpretations or Addenda</u>

No oral interpretations will be made to any bidder. Each request for clarification shall be made in writing to the Grant Recipient or engineer no less than seven (7) days prior to the due date. Each interpretation made will be in the form of an Addendum to the contract documents and will be distributed to all parties no less than seven (7) days prior to the bid opening. It is, however, the bidder's responsibility to make inquiry as to any addenda issued. All such addenda shall become part of the contract documents and all bidders shall be bound by such addenda, whether or not received by the bidders.

#### 3. Inspection of Site

Each bidder should visit the site of the proposed work during the specified walk thru, and should become acquainted with the existing conditions and facilities, the difficulties and restrictions pertaining to the performance of the contract. The bidder should thoroughly examine and become familiar with the drawing, and all other contract documents. The contractor by the execution of the contract shall in no way be relieved of any obligation under it due to failure to receive or examine any form or legal document or to visit the site or the conditions existing at the site. The County will be justified in rejecting any claim based on lack of inspection of the site prior to the bid, if necessary.

#### 4. Alternate bid items

No alternate bids or bid items will be considered unless they are specifically requested.

#### 5. Bids

- a. All bids must be submitted on the forms provided and are subject to all requirements of the Contract Documents, including the Drawings.

Any bid not conforming to this requirement may be rejected as informal. Special attention is drawn to this condition, as the unit prices will be used to determine the amount of any change orders resulting from an increase or decrease in quantities.

#### 7. Award of Contract/Rejection of Bids

- a. The contract will be awarded to the responsive, responsible Bidder submitting the lowest/best bid. The bidder selected will be notified at the earliest possible date. The locality reserves the right to reject any or all bids and to waive any informality in bids received where such rejection or waiver is in its interest.

   For contracts over \$10,000, the offeror or bidder must comply with the "Equal Opportunity Clause" and the "Standard Federal Equal Opportunity Construction Contract Specifications."
- 2. Are construction contractors required to ensure a legal working environment for all employees? Yes, it is the construction contractor's responsibility to provide an environment free of harassment, intimidation, and coercion to all employees and to notify all foremen and supervisors to carry out this obligation, with specific attention to minority or female individuals.
- 3. To alleviate developing separate facilities for men and women on all sites, can a construction contractor place all women employees on one site?
  No, two or more women should be assigned to each site when possible.
- 4. What happens if a woman or minority is sent to the union by the Contractor and is not referred back to the Contractor for employment? If the unions impede the construction contractor's responsibility to provide equal employment opportunity, a written notice should be documented in file.
- 5. Are any efforts made by the Contractor to publicize their Equal Employment Opportunity (EEO) policy? Yes, the construction contractor is responsible for notifying unions and sources of training programs of their equal employment opportunity policy. Unions should be requested to cooperate in the effort of equal opportunity. The policy should be included in any appropriate manuals, or collective bargaining agreements. The Contractor is also responsible to include the EEO policy in all media advertisement.
- 6. Are any in-service training programs provided for staff to update the EEO policy?

A record of the meeting including date, time, location, persons present, subject matter discussed, and disposition of the subject matter should be maintained.
- 7. Are any measures taken to encourage promotions for minorities and women?

  Yes, an annual evaluation should be conducted for all minority and female personnel to encourage these employees to seek higher positions.

- 10. What efforts should be utilized to include minority and female contractors and suppliers? Solicit these businesses when issuing RFPs and RFQs and soliciting construction bids. Divide project activities into small tasks to allow participation. Keep records of all offers to minority and female construction contractors.
- 11. If a construction contractor participates in a business related association that does not comply with equal opportunity affirmative action standards, does that show his/her failure to comply? No, the construction contractor is responsible for its own compliance.
- 12. Can a construction contractor hire a subcontractor who has been debarred from government contracts pursuant to EEO?
  - No. The construction contractor must suspend, terminate or cancel its contract with any Subcontractor who is in violation of the EEO policy.

that includes specific information required by the government.

# HARDIN COUNTY POLICY CELL PHONE USAGE

Hardin County strongly discourages the use of any cell phone while operating any vehicle. Employees should plan calls to allow placement of calls either prior to traveling or while on rest breaks.

Hardin County bans all employees from texting while operating any county owned vehicle. County employees who are driving their own personal vehicle are also banned from texting while driving on county business. Federal law prohibits any CDL driver operating any vehicle over 10,000 GVWR from texting with fines and penalties, up to including loss of CDL.

Employees in possession of a Hardin County owned cellular phone are required to take appropriate precautions to prevent theft and vandalism.

Each department may set their own rules and regulations regarding personal cell phone usage while at work.

#### HARDIN COUNTY TRAVEL POLICY

The purpose of this policy is to establish and communicate fair standards and effective procedures for reducing travel expenditures, and to ensure consistent and fair treatment of Officials/Employees whose travel will be paid for or reimbursed by Hardin County.

#### Introduction:

Travel expenditures incurred for official County business will be paid if the expenditures are <u>properly approved</u>, <u>reasonable</u>, and <u>documented</u>. Travelers should incur expenditures prudently to aid in controlling their department's travel budget.

This policy covers reimbursement for auto mileage, meals, lodging, rental vehicles, airfare, and miscellaneous expenses.

#### Personal Vehicle:

When employees are authorized to use their personal vehicle for County business, they will be reimbursed for actual mileage at a rate reflective of the U.S. General Services Administration (GSA). Expense reports shall be accompanied by a documentation which includes the travel dates, destination, business purpose, and total miles traveled to and from the destination. Mileage is to be calculated from the employee's place of employment to the destination and back, calculated from city to city per Google Maps. The only exception will be for any fixed allowance approved by Commissioners Court. Reimbursement for mileage more than the distance to and from the destination is at the discretion of the Department Head.

#### **County Pool Vehicle:**

A County pool vehicle may be checked out by County Officials/Employees to drive for local County business and to out-of-county conferences, meetings, or training.

All traffic laws must be obeyed.

No one is allowed in a County vehicle that is not an employee of Hardin County (Excludes incustody transports and courtesy transports).

Officials/Employees must schedule use of a County pool vehicle through the County Judge's office ahead of time. This can be done via email, by phone, or in person.

The vehicle must be returned with a full tank of fuel. County Officials/Employees who use a pool vehicle have two options to refuel:

- 1. The Official/Employee uses a County fuel card, or
- The Official/Employee refills the vehicle at his/her own expense and submits the receipt for reimbursement.

If an Official/Employee needs a PIN for a County fuel card, they must request one at least <u>two</u> <u>days in advance</u> from the County Judge's office or Purchasing Department.

#### Reimbursable Expenses:

Reimbursable expenses for use of a County vehicle includes gas, oil, and/or emergency expenses (i.e., flat repair), which may arise in connection with the vehicle. This is subject to the following provisions:

- 1. Receipts for these allowable expenses must be submitted with the Official's/Employee's claim for reimbursement.
- 2. Receipts for any charges made on any County credit card(s) must be submitted.
- 3. Beginning and ending odometer mileage on all County vehicles must be submitted.

#### **Miscellaneous Auto Expenses:**

Other reimbursable travel expenses by both a County and personal vehicle include road tolls and parking fees, where unpaid parking facilities are unavailable. Officials/Employees are responsible for the full cost of any parking tickets, moving and non-moving citations, or any such traffic offenses, fees, or expenses.

#### Cleaning:

Employees must ensure the vehicle is clean when they return it. Please be courteous and remove all of your belongings including any trash, etc.

#### SMOKING IS STRICTLY PROHIBITED IN ALL COUNTY VEHICLES!

#### **Overnight Travel:**

Overnight travel is defined as any travel while on County business requiring an Elected Official or employee to stay away from home and out of the County overnight. When Officials/Employees are required to travel out of town to conduct necessary County business, they will be reimbursed for expenditures utilizing the amounts set forth by the U.S. General Services Administration (GSA) for lodging, meals & incidentals, POV mileage when the use of a privately owned vehicle is authorized or if a County vehicle is not available.

GSA Website: <a href="https://www.qsa.gov/travel-resources">https://www.qsa.gov/travel-resources</a>

Instructions: Enter the state, city, and travel dates; click next and print results. This will provide the current travel rates.

Any Elected Official or Department Head should contact the Human Resources Department if they have any questions.

Actual lodging expenses must be supported by receipts. The Official/Employee is required to take advantage of any reduced rates available (government, group, etc.).

Other expenses, supported by receipts include: Taxi, Ride Share, or rental vehicles after reaching the destination, registration fees (if not paid in advance), and parking.

Any advance travel compensation, excluding registration fees, cannot be requested sooner than 2 weeks prior to the beginning of the conference and should only be requested by persons who are unable to pay travel expenses, then request compensation upon their return.

The Travel Expense Form must be submitted to the County Auditor within <u>ten (10) working days</u> after the Official/Employee returns.

For Officials who receive a monthly vehicle allowance expense, there will be no mileage reimbursement for travel unless the training is mandatory and the distance is over 100 miles one way from the Official's place of employment.

#### Day Travel:

There will be no reimbursement for meals for any travel that is not overnight.

<u>County Officials/Employees who incur approved travel-related expenditures shall not gain personal funds as a result of reimbursement for travel (including meals, mileage, lodging, etc.)</u>

#### **Rental Cars/Vans:**

Automobile rentals should be limited to situations where other means of transportation are not practical, economical, or available. Any time an Official/Employee must rent a vehicle, please contact the Purchasing Department. If you rent a vehicle without prior written approval, you will not be reimbursed for those expenses. This does not apply to an emergency situation (vehicle breakdown, etc.). If an emergency should arise, please use the least expensive rental agency available.

#### Air Travel:

When the most efficient travel is by air, reimbursement will be limited to coach fare. When planning your airline itinerary, consider the following cost saving strategies:

- 1. Make reservations in advance.
- 2. Be flexible in airline choice and travel times.
- 3. Mileage reimbursement will be for one round trip to and from the airport.

#### Companion Travel:

The County will not reimburse personal, spouse, companion travel, and/or other related travel expenditures. The Official/Employee is responsible for allocating only his/her portion of expenditure on the Travel Expense Form and for identifying them in the hotel and other receipts. The County will only pay a single room rate unless two or more County Officials/Employees are sharing a room.

This revised Travel Policy is hereby effective as of this 28 day of June, 2022.

The Contractor shall be responsible for the proper fitting of all work and for the coordination of the operations of all trades, subcontractors, or material suppliers engaged upon this Contract.

#### 6. Payments to Contractor

#### (a) Partial Payments

- 1) The Contractor shall prepare the requisition for partial payment as of the last day of the month and submit it, with the required number of copies, to the Engineer for approval. The amount of the payment due the Contractor shall be determined by adding to the total value of work completed to date, the value of materials properly stored on the site and deducting (1) ten percent (10%) of the total amount, to be retained until final payment, and (2) the amount of all previous payments. The total value of work completed to date shall be based on the estimated quantities of work completed and on the unit prices contained in the agreement. The foregoing provisions shall be construed solely for the benefit of the County and will not require the County to determine or adjust any claims or disputes between the Contractor and its subcontractors or material dealers, or to withhold any moneys for their protection unless the County elects to do so. The failure or refusal of the County to withhold any moneys from the Contractor shall in no way impair the obligations of any surety or sureties under any bond or bonds furnished under this Contract.

#### 7. Changes in the Work

- (a) The County may make changes in the scope of work required to be performed by the Contractor under the Contract without relieving or releasing the Contractor from any obligations under the Contract or any guarantee given pursuant to the Contract provisions, and without affecting the validity of the guaranty bonds, and without relieving or releasing the surety or sureties of said bonds. All such work shall be executed under the terms of the original Contract unless it is expressly provided otherwise. Additionally, all such change orders must be approved by County prior to execution of same.
- (b) Except for the purpose of affording protection against any emergency endangering health, life, limb or property, the Contractor shall make no change in the materials used or in the specified manner of constructing and/or installing the improvements or supply additional labor, services or materials beyond that actually required for the execution of the Contract, unless in pursuance of a written order from the County authorizing the Contractor to proceed with the change. No claim for an adjustment of the Contract Price will be valid unless so ordered.
- (c) If applicable unit prices are contained in the Contract, the County may order the Contractor to proceed with desired unit prices specified in the Contract; provided that in case of a unit price contract the net value of all changes does not increase the original total amount of the agreement by more than twenty-five percent (25%) or decrease the original the total amount by eighteen percent (18%).
- (d) Each change order shall include in its final form:
  - 1) A detailed description of the change in the work.

  - 3) A definite statement as to the resulting change in the contract price and/or time.
  - 4) The statement that all work involved in the change shall be performed in accordance with contract requirements except as modified by the change order.
  - 5) The procedures as outlined in this Section for a unit price contract also apply in any lump sum contract.

#### 8. Claims for Extra Cost

- (a) If the Contractor claims that any instructions by Drawings or otherwise involve extra cost or extension of time, he shall, within ten days after the receipt of such instructions, and in any event before proceeding to execute the work, submit his protest thereto in writing to the County, stating clearly and in detail the basis of his objections. No such claim will be considered unless so made.
- (b) Claims for additional compensation for extra work, due to alleged errors in ground elevations, contour lines, or bench marks, will not be recognized unless accompanied by certified survey data, made prior to the time the original ground was disturbed, clearly showing that errors exist which resulted, or would result, in handling more material, or performing more work, than would be reasonably estimated from the Drawings and maps issued.
- (c) Any discrepancies which may be discovered between actual conditions and those represented by the Drawings and maps shall be reported at once to the County and work shall not proceed except at the Contractor's risk, until written instructions have been received from the County.
- (d) If, on the basis of the available evidence, the County determines that an adjustment of the Contract Price and/or time is justifiable, a change order shall be executed.
- 9. <u>Termination, Delays, and Liquidated Damages</u>
- (a) Right of the County to Terminate Contract for Convenience

County may at any time and for any reason terminate Contractor's services and work at County's convenience upon providing written notice to the Contractor specifying the extent of termination and the effective date. Upon receipt of such notice, Contractor shall, unless the notice directs otherwise, immediately discontinue the work and placing of orders for materials, facilities and supplies in connection with the performance of this Agreement.

Upon such termination, Contractor shall be entitled to payment only as follows: (1) the actual cost of the work completed in conformity with this Agreement; plus, (2) such other costs actually incurred by Contractor as are permitted by the prime contract and approved by County; (3) plus ten percent (10%) of the cost of the work referred to in subparagraph (1) above for overhead and profit. There shall be deducted from such sums as provided in this subparagraph the amount of any payments made to Contractor prior to the date of the termination of this Agreement. Contractor shall not be entitled to any claim or claim of lien against County for any additional compensation or damages in the event of such termination and payment.

#### (b) Right of the County to Terminate Contract for Cause

In the event that any of the provisions of this contract are violated by the Contractor, or by any subcontractors, the County may serve written notice upon the Contractor and the Surety of its intention to terminate the contract. The notices shall contain the reasons for such intention to terminate the contract, and unless such violation or delay shall cease and satisfactory arrangement of correction be made within ten days, the contract shall, upon the expiration of said ten (10) days, cease and terminate. In the event of any such termination, the County shall immediately serve notice thereof upon the Surety and the Contractor. The Surety shall have the right to take over and perform the contract. Provided, however, that if the Surety does not commence performance thereof within ten (10) days from the date of the mailing to such Surety of notice of termination, the County may take over the work and complete the project by bid/contract or by force account at the expense of the Contractor and his Surety shall be liable to the County for any excess cost incurred. In such event the County may take possession of and utilize in completing the work, such materials, appliances, and plant as may be on the site of the work and necessary therefore.

#### (c) Liquidated Damages for Delays.

If the work is not completed within the time stipulated in the applicable bid for Lump Sum or Unit Price Contract provided, the Contractor shall pay to the County as fixed, agreed, and liquidated damages (it being impossible to determine the actual damages occasioned by the delay) the amount of \_\_\_\_\_\_\_ for \_\_\_\_\_\_ each calendar day of delay, until the work is completed. The Contractor and Contractor's sureties shall be liable to the County for the amount thereof.

Upon receipt of such notification, the County shall ascertain the facts and the cause and extent of delay. If, upon the basis of the facts and the terms of this contract, the delay is properly excusable, the County shall extend the time for completing the work for a period of time commensurate with the period of excusable delay.

#### 10. <u>Assignment or Novation</u>

The Contractor shall not assign nor transfer, whether by assignment or novation, any of its rights, duties, benefits, obligations, liabilities, or responsibilities under this Contract without the written consent of the County. - (b) Any drawings submitted without the Contractor's stamp of approval will not be considered and will be returned to him for proper resubmission. If any drawings show variations from the requirements of the Contract because of standard shop practice or other reason, the Contractor shall make specific mention of such variation in his letter of transmittal in order that, if acceptable, suitable action may be taken for proper adjustment of contract price and/or time, otherwise the Contractor will not be relieved of the responsibility for executing the work in accordance with the Contract even though the drawings have been approved.
- (c) If a shop drawing is in accordance with the contract or involves only minor adjustment in the interest of the County not involving a change in contract price or time, the engineer may approve the drawing. The approval shall not relieve the Contractor from responsibility to adhere to the contract or for any error in the drawing.

#### 13. Requests for Supplementary Information

It shall be the responsibility of the Contractor to make timely requests of the County for any additional information which should be furnished by the County under the terms of this Contract, and which is required in the planning and execution of the work. Such requests may be submitted from time to time as the need approaches, but each shall be filed in ample time to permit appropriate action to be taken by all parties involved so as to avoid delay. - (b) Each sample submitted by the Contractor shall carry a label giving the name of the Contractor, the project for which it is intended, and the name of the producer. The accompanying certificate or letter from the Contractor shall state that the sample complies with contract requirements, shall give the name and brand of the product, its place of origin, the name and address of the producer and all specifications or other detailed information which will assist the Engineer in making a prompt decision regarding the acceptability of the sample. It shall also include the statement that all materials or equipment furnished for use in the project will comply with the samples and/or certified statements.
- (c) Approval of any materials shall be general only and shall not constitute a waiver of the County's right to demand full compliance with Contract requirements. After actual deliveries, the Engineer will have such check tests made as he deems necessary in each instance and may reject materials and equipment and accessories for cause, even though such materials and articles have been given general approval. If materials, equipment or accessories which fail to meet check tests have been incorporated in the work, the Engineer will have the right to cause their removal and replacement by proper materials or to demand and secure such reparation by the Contractor as is equitable.
- (d) Except as otherwise specifically stated in the Contract, the costs of sampling and testing will be divided as follows:
